ACKNOWLEDGMENTS

UVWw design and field tests have received support from several private foundations and trusts, UNICEF-India, the Brook Bond-Lipton Tea foundation in India, USAID, US-DOE, the SA-US BiNational Commission and WaterHealth International (US manufacturer of UVWw). The field work was administered by Cynthia Motau of SACECS. The work has benefited from the support by Siobhan Jackson and her lab at Durban Metro Water, Kevin Kisten at the University of Durban-Westville, Miriam Naegle and Sebastian Stadler at LBNL, and the cooperation of the Lily of the Valley staff.
