January [illegible] 1954

Dear Lewis:

Joe Dodge gave me an advance peek at the atomic section of the President's Budget message.

I am assuming that when the Legislators get around to discussing this, and asking questions as to exactly what is the proposal and plan, everybody's ducks will be in a row and we won't have to reply that we don't quite know yet.

Sincerely,

C. D. Jackson

Admiral Lewis Strauss
Atomic Energy Commission
Washington, D. C.
