Dear Mr. Wilson:

Inquiry has been made of me for information concerning a hospital facility at your Laboratory at Brookhaven, Long Island. The project is described to me as a "milli n dollar hospital and fully staffed". The allegation was made to me, however, that up to this time this hospital has had only one patient. I frankly do not know whether such a hospital exists or not. The inquiry is a perfectly good one, I think, and I am presuming, of course, that there are no security reasons in operation to withhold any information respecting it if, indeed, it is in operation.

Any proper information you can give me will be very much appreciated.

Sincerely yours,

LWH:WE

/s/ Leonard W. Hall
