MR. R. W. KETTLER:

On January 13, 1955 I wrote Chancellor Allen regarding salary policy connected with the GEN-12 contract. Subsequently, a copy was provided the Controller. I believe this was with the understanding that your office would investigate these procedures so as to bring them into line with University policy. If this impression is correct, we shall set the matter aside until we hear from you.

James M. Miller, Assistant to the
Vice President - Business Affairs
