Re: [redacted]

Dear Professor Lawrence:

There has been no essential change in [redacted] status. He continues under the care of Dr. Farber, and is feeling quite well at the present time.

[redacted] has agreed to a biopsy of a lymph node. This will make possible a spectrographic analysis of the tissue for the presence of beryllium. We are making arrangements for the surgery, which will be minor, and for the tissue analysis.

Sincerely yours,

R. Lowry Dobson, M. D.
