Albert H. Holland, Jr., M.D., Acting Medical Adviser

DECLASSIFICATION OF DOCUMENT

SYMBOL: ABCT

BEST COPY AVAILABLE

The document entitled "The Effect of Folic Acid on Radiation Induced Anemia and Leucopenia" by Jacobson, Stearner and Simmons is hereby returned to your office as requested. The paper has been reviewed in detail, as well as discussed with Dr. Jacobson at a recent meeting which we both attended.

This office sees no objection to declassifying this paper for publication in the medical journals since purportedly the human work was done in the Department of Medicine of the University of Chicago.

Albert H. Holland, Jr., M.D.
