

Contents

7	Introduction
9	New Materials
9	• Nickel Aluminide
10	• Ion Implantation
12	• Laser Annealing
15	Better Health and Environment
15	• Burn Meter
16	• Legionnaires' Disease
17	• Whole Body Radiation Counter
19	• The Anflow System
21	New Scientific Understanding
21	• Genetics and Molecular Biology
23	• High Voltage Equipment
25	New Tools For Science
25	• Microcalorimeter
26	• Positron Probe
27	• Atom Science
