

## FOOTNOTES

Frequently government press releases, Fact Sheets and other documents provide information without naming a person or a title as the source; when such documents are referenced in the text, names of persons and/or titles as sources must, of course, be omitted.

### CHAPTER I

1. Quoted from Alice L. Buck, *A History of the Atomic Energy Commission* (Washington: U.S. Department of Energy, July 1983), p. 6.
2. "Special Report on Nuclear Energy in Space," *Nucleonics*, April 1961. (Quotations taken from cover page.)

### CHAPTER II

1. Headline, "President Shows Atom Generator," *The Evening Star*, (Washington, D.C.), January 16, 1959, p. 1. (From DOE archives.)
2. Statement of Col. Jack Armstrong in *Hearings Before Subcommittee of the Joint Committee on Atomic Energy Congress of the United States, Eighty-Fifth Congress Second Session on Outer Space Propulsion By Nuclear Energy*, January 22, 23, and February 6, 1958 (quotation, p. 125.)
3. "First Atom Battery Developed by U.S.," *The Washington Post*, January 17, 1959, p. 1. (From DOE archives.)
4. "5-Lb. Device Hailed as Big Breakthrough," *The Evening Star* (Washington, D.C.), January 16, 1959, p. 1.
5. Glenn T. Seaborg and William R. Corliss, *Man and Atom* (New York: E. P. Dutton and Company, Inc., 1971), p. 86.
6. *Ibid.*
7. Becquerel's experiments taken from "Radioactivity," *Collier's Encyclopedia* (1982), Vol. 19, p. 604.
