

5.2.7	Future Technology Transfer.....	79
5.2.8	Future Directions	80
5.2.9	Sources of Information.....	80
5.3	RADIANT BARRIERS.....	81
5.3.1	The Innovation.....	81
5.3.2	The DOE Role.....	82
5.3.3	Energy Savings	83
5.3.4	Market Penetration.....	85
5.3.5	Future Directions	87
5.3.6	Sources of Information.....	88
5.4	WISCONSIN AUDIT.....	89
5.4.1	The Innovation.....	89
5.4.2	Background.....	90
5.4.3	Commercialization	91
5.4.4	Future Development	91
5.4.5	Sources of Information.....	92
5.5	COMPUTERIZED, INSTRUMENTED, RESIDENTIAL AUDIT.....	93
5.5.1	The DOE Role.....	93
5.5.2	Commercialization	94
5.5.3	Future Direction.....	94
5.5.4	Sources of Information.....	95
5.6	HOTBOX METHOD FOR TESTING HEAT TRANSFER THROUGH WALLS	95
5.6.1	The Innovation.....	95
5.6.2	Hotbox Applications and Users.....	97
5.6.3	The DOE Role.....	97
5.6.4	Conclusions	99
5.6.5	Sources of Information.....	99
5.7	TRACER GAS TESTING WITH THE AIR INFILTRATION MEASUREMENT SYSTEM.....	100
5.7.1	The Innovation.....	100
5.7.2	The DOE Role.....	102
5.7.3	Market Penetration	103
5.7.4	Facilitating Factors.....	103
5.7.5	Barriers to Market Penetration.....	103
5.7.6	Future Directions	104
5.7.7	Sources of Information.....	104
5.8	FOOTNOTES TO SECTION 5	105
6.	GUIDELINES FOR SELECTING A TECHNOLOGY TRANSFER STRATEGY	107
6.1	HOW OFTEN IS EACH STRATEGY USED?.....	107
6.2	WHEN IS EACH STRATEGY MOST APPROPRIATE?	110
6.2.1	Nature of the R&D	111
6.2.2	Nature of the Technology: Product vs. Process.....	112
6.2.3	Complexity of the R&D Results.....	114
6.2.4	Breadth of Applications and Diversity of End-Users.....	115
6.2.5	Nature of the Information: Proprietary vs Nonproprietary....	117
6.2.6	Nature of Industry.....	118
6.2.7	Desired Commercialization Time-Line	120
6.2.8	DOE Funds Available for Technology Transfer.....	121
6.3	FOOTNOTES TO SECTION 6.....	122
