

**PACKAGE ID** - 001193IBMPC00 WOGEN

**KWIC TITLE** - Work Order Generation Macros for Word Perfect  
6.X for Windows

**AUTHORS** - Grenz, G.  
Idaho National Engineering and Enviromental Lab,  
Idaho Falls, ID (United States)

**LIMITATION CODE** -UNL                   **AUDIENCE CODE** - UNL

**COMPLETION DATE** - 01/01/1994   **PUBLICATION DATE** - 01/01/1994

**DESCRIPTION** - Included are three general WP macros (two independent and one multiple) and a template used at the Test Reactor Area (TRA) for the generation of the Work Orders (WO's) used to perform corrective and preventative maintenance, as well as modifications of existing systems and installation of new systems. They incorporate facility specific requirements as well as selected federal/state orders. These macros are used to generate a WP document which is then converted into ASCII text for import to the maintenance software. Currently we are using MCRS but should be compatible with other platforms such as Passport. Reference the included file Wogen.txt for installation and usage instructions.

**PACKAGE CONTENTS** - Media Directory; Software Abstract; User's Instructions (4 pages); Media Includes Word Perfect Macros;

**SOURCE CODE INCLUDED?** - No

**MEDIA QUANTITY** - 1 3.5 diskette

**COMPUTER** - IBM PC

**OPERATING SYSTEMS** - Word Perfect for Windows 6.0, 6.0a, 6.1 (tested).  
Should run with no flaws in WP for Windows 7 and 8 according to WP (Corel) Corporation.

**PROGRAMMING LANGUAGES** - Word Perfect Macro Language

**SOURCE CODE AVAILABLE (Y/N)** - N

**UNIQUE FEATURES** - Easily customizable for personnel knowledgable in the use of the WP macro language. Used to provide a consistent look to WO's and minimize the typing of standard statements.

**RELATED SOFTWARE** - Must be used with WP for Windows software.

**OTHER PROG/OPER SYS INFO** - File naming conventions used .wcm Word Perfect Macro File, .wpt Word Perfect Template File, .txt ASCII Text File. Special instructions i. All macros must be installed in the default macro directly (normally  
c:(backslash)office(backslash)wpwin(back slash)macros) or in the

**PACKAGE ID** - 001193IBMPC00 WOGEN

**OTHER PROG/OPER SYS INFO - (CONT)** directory included in the WP program references as the default macro directory. Several of the macros use the information contained in the WP program preferences to initiate chained macros. ii The template file must be installed in the default template directory (normally c:(backslash)office(backslash)wpwin(backslash)template).

**HARDWARE REQS** - Follows the same specifications for the version of Word Perfect being used.

**TIME REQUIREMENTS** - Dependent on the amount of information provided by the user and familiarity of the user with macro execution. Simple jobs executed by an experienced user can be completed within 2-10 minutes.

**ABSTRACT STATUS** - Submitted September 29, 1997. Released as-is 3/25/98.
