LIMITATION CODE -UNL **AUDIENCE CODE** - UNL

COMPLETION DATE - 10/23/1991 **PUBLICATION DATE** - 10/23/1991

DESCRIPTION - ARTS is a micro based prototype of the data elements, screens, and information processing rules that apply to the Accountability Reporting Program. The system focuses on the Accountability Event. The Accountability Event is an occurrence of incurring avoidable costs. The system must be able to CRUD (Create, Retrieve, Update, Delete) instances of the Accountability Event. Additionally, the system must provide for a review committee to update the 'event record' with findings and determination information. Lastly, the system must provide for financial representatives to perform a cost reporting process.

PACKAGE CONTENTS - Software Abstract; Media Directory; Media Includes Source Code, User's Guide;

SOURCE CODE INCLUDED? - Yes

MEDIA QUANTITY - 1 3.5 diskette

COMPUTER - IBM PC

OPERATING SYSTEMS - PC-DOS or MS-DOS, version 3.0 through 5.0 compatible.

PROGRAMMING LANGUAGES - dBASE IV version 1.1

SOFTWARE LIMITATIONS - Single user design, though may be modified for multiuser network use.

SOURCE CODE AVAILABLE (Y/N) - Y

UNIQUE FEATURES - Menu driven, user friendly application.

OTHER PROG/OPER SYS INFO - This application requires that you own dBASE IV, version 1.1 or greater to execute. The application is designed to utilize a Hewlett Packard Laserjet printer, that is, HP Laserjet printer control string are hardcoded in the report modules.
