“Information maintained by the Federal Government is a national asset. My administration will take appropriate action, consistent with law and policy, to disclose information rapidly in forms that the public can readily find and use.”

– President Barack Obama, Memorandum for the Heads of Executive Departments and Agencies, January 21, 2009

Re-use science information to accelerate discovery

- analyze it, re-package it
- create new products, new initiatives

Specify citations in your areas of interest and, using a search query, view, store and use the results in alternate ways, including data mining!
