*OSTI's new consolidated product...*

- ▢ Exclusively for DOE and DOE Contractors
- ▢ For scientists and information specialists as a way to enhance research on behalf of DOE
- ▢ Based upon suggestions from STIP community
- ▢ Replaces DOE versions of Information Bridge and ECD\*

### **Integrates OSTI products:**

- DOE Information Bridge
- DOE Energy Citations Database
- Controlled Access File

**Four million bibliographic records and over 140,000 full text documents spanning more than six decades of DOE research**

#### **▸ Phase 1 Functionalities**

Alert Services ◀ Receive weekly notification of new documents matching your saved search profile

Author Selection ◀ Browse Author listing, or create a user-driven author search

Taxonomy ◀ Browse taxonomy terms; expand to include synonyms and preferred terms; or query to display related terms

Simple and Fielded Search ◀ Options include Boolean search, author browsing, sorting field order, relevance ranking, date searches, limiting to full-text returns

*Other search options include wildcards, proximity, searchable full-text, save search, result manipulation, field sorting, EndNote download*

**\* Public versions of Information Bridge and Energy Citations Database will remain unchanged and available for the general public to search.**
