

# DOE DATA EXPLORER

Discover DOE Scientific Research Data

[www.osti.gov/dataexplorer/](http://www.osti.gov/dataexplorer/)

## BROWSE DDE CONTENT

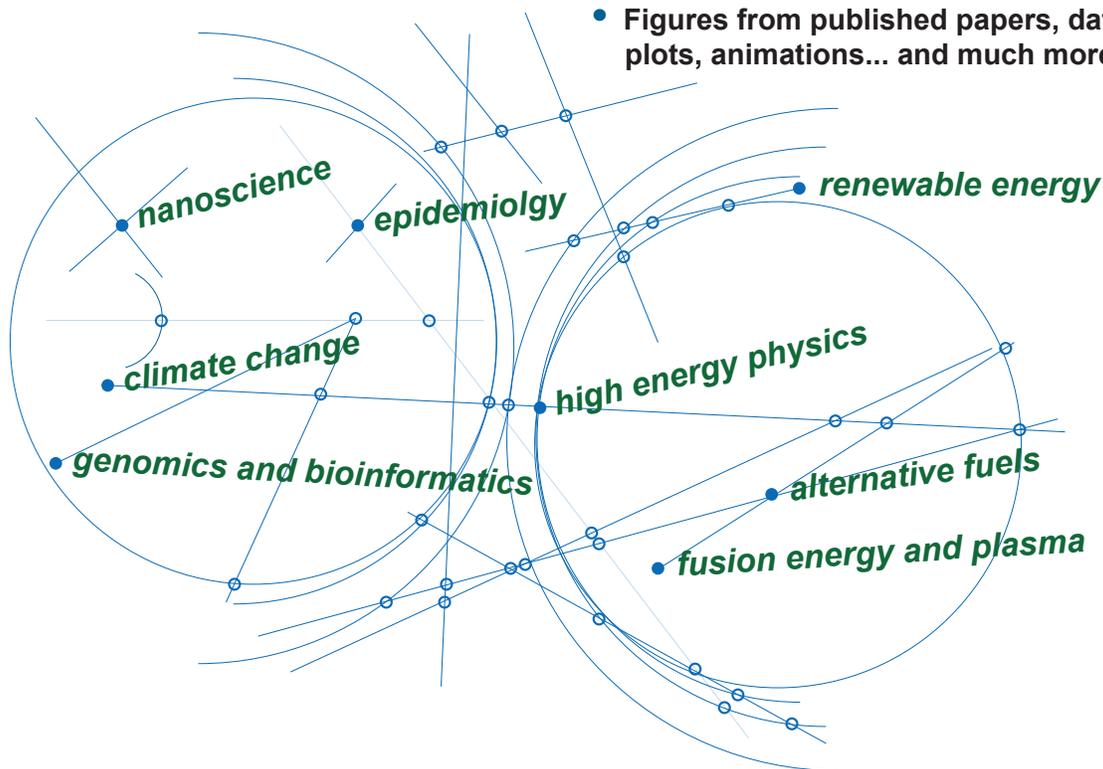

*Hundreds of publicly available data and non-text collections across a wide range of scientific disciplines with access links to data at labs, universities, data centers and user facilities*

### Features include:

- Easy basic search
- Fielded and Boolean searches
- Automatic breakdown of search results into the types of data or non-text items
- Monthly highlight of interesting collections
- DOIs for registered datasets

### Collections include:

- Numeric Data
- Videos
- Image libraries
- Maps
- Gene sequences
- Poster presentations
- Computer models and simulations
- Figures from published papers, data plots, animations... and much more!
