GEOTHERMAL TECHNOLOGIES *Legacy Collection*

*Easy access to current and legacy
documents sponsored by DOE*

Hot Docs are the most frequently requested and downloaded documents from the legacy database.

- How is this collection valuable to you?
- What are the hot topics in the industry?
- What is the latest research?
- Who else is working in your area?

Questions like these and more can be answered with readily accessible data at:

www.osti.gov/geothermal

Knowing what researchers and those in industry are interested in should be on your radar.
