

ScienceLab

*Education resources
from the U.S. Department of Energy*

**Students' go-to source...for
homework help, project ideas,
competitions, internships,
activities, and more.**

What is ScienceLab?

ScienceLab is a web-based gateway to science, technology, engineering and mathematics (STEM) education resources from the Department of Energy (DOE). Browse resources using a single-query or use *Find it Fast* to find resources by category.

Can anyone use ScienceLab?

Yes. While it is designed with students in mind, teachers and the public will find it useful because of its content and ease of use.

www.osti.gov/sciencelab/

The purpose of **ScienceLab** is to enhance American competitiveness in science and technology by improving **STEM** education in the United States.

Have a Question?
Ask a Scientist!

Users have the ability to:

- Search by a single query
- Filter results by resource type and grade range
- Access Newton's "Ask-A-Scientist" right from the home page
- Rate resources and comment
- Access pages for Elementary, Middle, and High School
- Access other agency STEM education material through links
