Technical Information

DOE Data Explorer

Explore DOE Data Explorer

- ▶ View the most recently added datasets or collections.
- ▶ Browse by titles or subjects.
- ▶ Discover the organizations sponsoring the data.
- ▶ Check out research organizations and host websites.

Data ID Service

As a member of DataCite, the Office of Scientific and Technical Information (OSTI) assigns digital object identifiers (DOIs) to datasets. This free service for DOE researchers makes datasets easy to find and cite.
