**YOUR GATEWAY TO INFORMATION
ACROSS THE DEPARTMENT OF ENERGY**

The National Library of Energy^{Beta} search tool provides one-stop access to DOE information in four broad topic areas:

Energy and Technology
for Industry and
Homeowners

Energy Market
Information and
Analysis

Nuclear Security
and Environmental
Management

Science and R&D

Find and easily access information
across the nationwide
Department of Energy (DOE) complex.

The NLE^{Beta} searches websites and extensive
databases for:

 DOE (*Energy.gov*)

 DOE Program Offices
(*ARPA-E, Electricity Delivery and Energy
Reliability, Energy Efficiency and Renewable
Energy, Environmental Management, Fossil
Energy, Indian Energy Policy and Programs,
Legacy Management, Loan Programs, Nuclear
Energy, and Science*)

 National Nuclear Security Administration

 Energy Information Administration

 DOE Staff Offices

 DOE Field/Site Offices

 DOE National Laboratories, Technology
Centers, and User Facilities
