At the request of the Panel, copies of the preliminary response which the Laser Classification Panel made to the Commission in the letter from Dr. Seitz dated February 5, 1971, were sent to interested AEC Division Directors, to three major AEC weapons Laboratories, and to Dr. Foster and Dr. Walske of the DOD. Copies of the only replies received to date are enclosed for the information of the Commission. Other responses will be furnished when they are received.

As the Commission will recall, the Panel will meet again on May the 21st, and they are looking forward to meeting with the Commission again on that date so that they may be advised of the Commission's reaction to their preliminary response and to the replies that have been received from the sources mentioned above.
