Dear Dr. Libby:

In a memorandum dated 5 June 1958, the Chairman of the Joint Board on Future Storage of Atomic Weapons brought to the attention of this Committee the potential legal problems that may be faced by personnel engaged in emergency action as a result of an accident involving a nuclear weapon.

The Military Liaison Committee has referred this matter raised by the Joint Board to the General Counsel, Office of the Secretary of Defense, for evaluation. The Military Liaison Committee expects to be informed of the results of this evaluation.

A copy of the memorandum from the Chairman of the Joint Board on Future Storage of Atomic Weapons is provided for your information.

Sincerely yours,

Herbert B. Loper
Chairman
