SUBJECT: Request that the Services of Lt. Col. Morris L.  
Shoss be Made Available to a Technical Study  
Group to Review RW

1. The Armed Forces Special Weapons Project has  
been requested by the Military Liaison Committee to sponsor  
a Study Group to review the technical changes and progress  
in the field of radiological warfare. Dr. W. A. Moyes, Jr.,  
has consented to serve as Chairman of this group. The tech-  
nical information gathered by this study will be of value  
to future Weapons Systems Evaluation Group studies of the  
military worth of RW and of value in orienting the current  
Department of Defense and Atomic Energy Commission research  
and development effort in this field.

2. A copy of an AFWP letter to Dr. Moyes stating the  
objective of the Study Group and a copy of the "Outline of  
Topics to be Covered by the Group" are inclosed. It is planned  
that the first phase of the study consist of the preparation  
of papers by the individual members on sub-topics as indicated  
in the inclosed outline. If possible, these should be sent to  
the Secretary within two weeks after the receipt of this letter.  
The Secretary will then assemble the sub-topic papers and send  
them, together with a summary of the results, to the members.  
After a suitable period of time for study, estimated at about  
two weeks, a meeting of the Study Group will be called to write
