1. References:

a. Letter, file CMLWR-P, dated 18 June 1954, subject: "Chemical Corps Research and Development Program 7A, FY 1955", from this Office to Commanding Officer, Chemical Corps Research and Engineering Command, classified Secret, with two (2) inclosures.

b. Disposition Form, file G4/F2 5805 (SF), dated 30 June 1954, subject: "Radiological Warfare", from Assistant Chief of Staff, G-4 to Chief Chemical Officer, classified Secret, Restricted Data (Inclosure #1). (UNCLASSIFIED)

2. The Chemical Corps Research and Development Program 7A, FY 1955 (Inclosure #1 to reference 1a above) contains general guidance and priorities for research and development in the field of radiological warfare. Additional guidance, reference 1b above, has been received from Staff. (UNCLASSIFIED)

3. The guidance contained in reference 1b above should be considered as amplification of that contained in reference 1a above. Work on RW agents and onground delivery systems for RW will be of lower priority than those tasks listed in paragraph 8.i, Section I, of Inclosure #1 to reference 1a above. (~~SECRET RD~~)

4. Reprogramming of available funds in the AW category is authorized as necessary to reorient this program in line with the additional guidance. No additional funds will be made available to the Chemical Corps for work in the AW field, and transfers to the AW field from available funds in other fields will not be made without prior approval of this office. (UNCLASSIFIED)
