

Office Memorandum • UNITED STATES GOVERNMENT

UCCM / RCC1.958206.005b

MEDME NO. 2
TO : Deputy Commander, U. S. Army Medical Research
& Development Command

DATE: 24 October 1958
Col Maupin/65957

FROM : Special Assistant for Nuclear Energy, OTSG

SUBJECT: Application for Research Contract

1. This investigator is well known to the undersigned as a competent, honest researcher who will surely perform the research in commendable fashion. Accordingly this proposal should be supported if:

- a. U. S. Army Medical Research and Development Command supports basic research.
- b. Monies are available.

2. If this proposal can be construed as a means of detection of exposure to radioactivity (and consequently its management), it could be supported as applied research.
