19. <b>This is a new project proposal.</b>			
20. Requirement and/or Justification  <b>This project is required to determine the efficacy and side effects of various drugs in the prevention of motion sickness.</b>			
21. <b>Promising drugs will be selected and compounded at the USAF School of Aviation Medicine. They will be tested aboard a Military Sea Transport Service ship on troops making transatlantic crossings. Examinations will be made and questionnaires completed aboard ship and the data sent to the School of Aviation Medicine for analysis.</b>
