SUBJECT: Overexposure to Ionizing Radiation

TO: Commanding General
Eighth United States Army
ATTN: Chief Surgeon
APO 301, San Francisco, California

1. The inclosed copy of TWX, SD 14683, dated 3 October 1963 from Sacramento Army Depot, Sacramento, California indicates that Allen Gibson of your command received a dose of ionizing radiation in excess of 100 roentgen during the period 4 August - 31 August 1963.
2. The recorded dose which exceeded the limits of the film badge suggests serious impairment to the health of the individual concerned.
3. Request information which has been obtained in the course of investigating the circumstances responsible for the alleged overexposure to ionizing radiation.
