PARENT PROGRAMS AS SUPPLIED TO
THE RESEARCH AND DEVELOPMENT
BOARD BY THE
MEDICAL SCIENCES DIVISION
OF THE
OFFICE OF NAVAL RESEARCH

Enclosure (D)

**PARENT PROGRAMS AS SUPPLIED
TO THE RESEARCH AND DEVELOPMENT BOARD**

Each one of the eight Branches has broken its program down into various subdivisions in order to study properly the various fields of interest within the cognizance of the Branch. This breakdown was limited to ten subheadings because of IRI restrictions and in some cases was of necessity somewhat arbitrary. However, these parent programs serve very well to facilitate the classification of the various projects in their proper categories.

The following is the complete revised breakdown. Two programs have been changed since the original subdivision as used in Enclosure (I). However, in other parts of this report in cases where number has been changed, the former number is also included to facilitate finding the data in Enclosure (I).

**MEDICAL SCIENCES DIVISION
PARIENT PROGRAMS**

CONFIDENTIAL

Physiology Branch

- NR 110 Physiology - General and Misc.
- NR 111 Metabolism and Nutrition
- NR 112 Systemic Physiology
- NR 113 Electrophysiology
- NR 114 Temperature Regulation and Energy Metabolism
- NR 115 Anatomy

Biochemistry Branch

- NR 120 Biochemistry - General and Misc.
- NR 121 Physical Chemistry and Methods
- NR 122 Enzymology
- NR 123 Nutrition
- NR 124 Protein Chemistry (and Immunochemistry)
- NR 125 Secretion and Excretion
- NR 126 Pharmacology and Toxicology

Microbiology Branch (Formerly Bacteriology Branch)

- NR 130 Microbiology - General
- NR 131 Immunology
- NR 132 Parasitology and Medical Zoology
- NR 133 Epidemiology
- NR 134 Pathology and Cancerology
- NR 135 Pharmacology and Toxicology

Psychophysiology Branch

- NR 140 Interaction between senses
- NR 141 Anatomy, Physiology and Neuromuscular Functions of Vision
- NR 142 Physiological Optics
- NR 143 Perceptual Functions of Vision
- NR 144 Rehabilitation, Vision
- NR 145 Anatomy, Physiology and Neurology of Hearing
- NR 146 Physiological Acoustics
- NR 147 Perceptual Functions of Hearing
- NR 148 Rehabilitation of Hearing
- NR 149 Other Human Senses

Psychology Branch

- NR 150 Psychology - General and Misc.
- NR 151 Selection and Training of Personnel
- NR 152 Study of Aberrants
- NR 153 Human Relations

Human Ecology Branch (Formerly Environmental Physiology Branch)

- NR 160 Environmental Physiology - General and Misc.
- NR 161 Acclimation

CONFIDENTIAL

Earth Science Branch (Cont'd)

- NR 148 Arctic Biology
- NR 149 Climate and Man
- NR 150 Tropic Biology

Biophysics Branch

- NR 170 Biophysics - General and Misc.
- NR 171 Radiobiology
- NR 172 Mechanical Forces

Dental Branch

- NR 180 Dental - General and Materials
- NR 181 Prosthodontics, Operative Technology and Oral Surgery
- NR 182 Anatomy, Physiology and Chemistry
- NR 183 Bacteriology and Pathology

100-107000-1000
