PRESS RETURN TO CONTINUE OR ENTER A REQUEST.

the individuals who were the subjects of radiation experiments

conducted by the Federal Government, as well as to their families

for the hardships they have endured as a result.

Establishes in the Treasury the Radiation Experimentation

Compensation Trust Fund for compensating the subjects of experiments conducted between January 1, 1940, and December

31,

1974, during which the subjects were intentionally exposed to

radiation without their informed consent. Authorizes appropriations.

Directs the Attorney General to establish procedures for the submission of claims and pay from amounts in the Fund each claim meeting the requirements of this Act.

Provides for payments in cases of deceased experimental subjects.

States that payments under this Act which are accepted by a subject or the subject's survivors shall be in full satisfaction of all claims of or on behalf of the subject against the United States arising out of the subject's participation in the experiment.

Provides for judicial review.

Establishes a time limit for filing claims of 20 years after enactment of this Act.

AS INTRODUCED..... Thurmond.

BD BILL DIGEST..... Jul 16, 93. Department of Energy National

Security Programs Authorization Act for Fiscal Year 1994 -

Subtitle A: National Security Programs Authorizations -

Authorizes appropriations for the Department of Energy (DOE) for FY

1994 for operating expenses, plant projects, and capital equipment

necessary in carrying out the following under national security

PRESS RETURN TO CONTINUE OR ENTER A REQUEST.

programs: (1) weapons activities; (2) environmental restoration and

waste management; (3) nuclear materials support and other defense

programs; and (4) defense nuclear waste disposal.

the Subtitle B: Recurring General Provisions - Prohibits

use of funds appropriated pursuant to this title for: (1) the

cost of a program exceeding the lesser of 105 percent of the

program authorization or \$10 million more than the amount authorized; or (2) programs which have not been presented to,

or

requested of, the Congress, unless the Secretary of Energy transmits to specified congressional committees a full

statement

of the action proposed and 30 days have expired since such notification.

Places certain funding limits for general plant and construction

projects of DOE and requires congressional reports for amounts in

excess of such limits. Limits fund transfer authority.

Authorizes the Secretary to carry out advance planning and

construction design services in connection with proposed construction projects not exceeding \$2 million and requires certain

congressional notification.

Authorizes the use of DOE funds for emergency planning, design,

and construction activities in order to meet the needs of national

defense or to protect property and public health and safety.

PRESS RETURN TO CONTINUE OR ENTER A REQUEST.

Makes funds appropriated for management and support activities

and for general plant projects under this subtitle available for

all national security programs of DOE.

Subtitle C: Fiscal Year 1995 Authorization - Authorizes

appropriations to DOE for FY 1995 to carry out national security

programs and environmental restoration and waste management

programs.

programs in the following areas: (1) weapons activities; (2)
new tritium production and plutonium disposition activities; (3)
environmental restoration and waste management; (4) materials
support and other defense programs; and (5) defense nuclear
waste disposal. Provides certain funding uses and limitations with
respect to specified national security programs and systems.

Subtitle B: Recurring General Provisions - Prohibits
the use of funds appropriated pursuant to this title for: (1) the
cost of a program exceeding 105 percent of the program
authorization or \$10 million more than the amount authorized,

whichever is the lesser; or (2) programs which have not been presented to, or requested of, the Congress, unless the Secretary of Energy (Secretary, for purposes of this title only) transmits to specified congressional committees a full statement of the action proposed and 30 days have expired since such notification.

(Sec. 3122) Places certain funding limits (requiring congressional reports when amounts exceed such limits) for general plant and construction projects of DOE. Provides fund transfer authority.

(Sec. 3125) Authorizes the Secretary to carry out advance planning and construction design services in connection with proposed construction projects not exceeding \$2 million, requiring
PRESS RETURN TO CONTINUE OR ENTER A REQUEST.

certain congressional notification for projects exceeding \$300,000.

Authorizes the use of DOE funds for emergency planning, design, and construction services in order to meet the needs of national defense or to protect property, public health, and safety.

Makes funds available for management and support activities and for general plant projects under this Subtitle available for all DOE national security programs.

Subtitle C: Other Matters - Directs the Secretary to pay to the Hazardous Substances Response Trust a civil penalty assessed against the Hanford Project in Hanford, Washington.

(Sec. 3132) Establishes in the Office of the Assistant Secretary of Energy for Defense Programs the Office of Tritium

Production and Plutonium Disposition to undertake activities relating to the development and construction of a tritium production facility and a facility to treat and dispose of excess plutonium.

(Sec. 3133) Authorizes the transfer by the Secretary of certain

DOE property at facilities to be closed.
(Sec. 3134) Amends the National Defense Authorization Act, Fiscal Year 1989, to reauthorize and expand the authority of DOE to loan personnel and facilities for certain programs.
(Sec. 3137) Authorizes the Secretary to carry out training
PRESS RETURN TO CONTINUE OR ENTER A REQUEST.

programs for the management of hazardous materials and hazardous materials emergency response activities. Requires the Secretary to review for compliance specified DOE environmental compliance agreements.

(Sec. 3139) Amends the National Defense Authorization Act, Fiscal Year 1989, to extend through March 31, 1999, an independent review of the Waste Isolation Pilot Plant in New Mexico.
(Sec. 3140) Amends the Department of Energy Organization Act to repeal certain provisions concerning prohibited and required conduct of DOE officers or employees.

Subtitle D: Cooperative Research and Development -
Department of Energy National Competitiveness Technology Partnership Act of 1993 - Amends the Department of Energy Organization Act to authorize the Secretary of Energy and DOE laboratories to conduct research, development, demonstration, or commercial application activities that build on the core competencies (expertise and capabilities) of such laboratories. Assigns to such laboratories certain missions, including national security, energy-related science and technology, and technology transfer. Requires the Secretary and laboratory directors to utilize partnerships with U.S. industry to apply and commercialize technologies developed as part of such missions. Requires the Secretary to establish a
PRESS RETURN TO CONTINUE OR ENTER A REQUEST.

funding goal for the development of cost-sharing partnerships

beginning with FY 1994. Directs the Secretary to establish a multi-year critical technology strategy for R&D, demonstration, and commercial application activities supported by DOE for the critical technologies listed in the Report of the National Critical Technologies Panel. Requires the Secretary to ensure that the principal economic benefit of any partnership accrues to the U.S. economy. Requires: (1) the independent evaluation of partnership programs; and (2) annual reports.

Provides for partnership payments. Directs the Secretary to establish a Laboratory Partnership Advisory Board within DOE. Provides for: (1) a fellowship program; (2) cooperation with State and local programs for technology development and dissemination; (3) partnership funding; (4) the protection of partnership information and partnership product liability; (5) a report identifying opportunities for minority colleges and universities to participate with DOE laboratories in technology development programs; and (6) the development of a scholarship program with minority colleges and universities for such purposes.

(Sec. 3144) Directs the Secretary to: (1) use partnerships to expedite the private sector deployment of advanced manufacturing technologies; (2) encourage the establishment of nonprofit
