SECRETARY OF DEFENSE, ATOMIC ENERGY, DEPARTMENT OF DEFENSE

SUBJECT: Locating Records of DoD Human Radiation Experiments
- INFORMATION MEMORANDUM

1. In response to your memorandum of 31 January 1994, we are asking our appropriate key components and our cryptologic archives to search for and preserve all records which are responsive to the guidelines you provided. Our search will be focused on those elements which have research and development responsibilities at the National Security Agency. We reiterate our belief that because of our unique mission, we are not holding much, if any, information on the research.
2. If you have any questions, please contact my action officer, Renee Frank, at (301) 688-6798.
