MEMORANDUM FOR DR. GORDON K. SOPER, ATSD(AE)

Subject: Locating Records of DoD Human Radiation Experiments

This is in response to an ATSD(AE) memorandum, January 31, 1994, requesting identification of the archives and records centers where the DoD Components might have files pertaining to the subject experiments.

The only positive response this office received was from the Armed Forces Radiobiology Research Institute (AFRRI) in Bethesda, MD. As you may be aware, AFRRI, formerly an element of the Defense Nuclear Agency, came under the Uniformed Services University of the Health Sciences (USUHS), a client of ours through ASD(HA), in October 1993.

This response has been delayed because USUHS requested an extension to ensure a thorough search of their records.

A handwritten signature in cursive script, appearing to read "H. D. Neeley".

H. D. Neeley  
OSD Records Administrator
