

## Radiation Experiments Command Center

6801 Telegraph Road  
Alexandria, VA 22310-3398

04 MAR 1994

Brigadier General Ralph H. Graham, USAF  
Director of Special Programs  
Office of the Secretary of Defense  
Acquisition and Technology  
3000 Defense Pentagon  
Washington, DC 20301-3000

Dear General Graham:

This is to acknowledge receipt of your memoranda dated 18 February 1994, and 23 February 1994, respectively, identifying no radiation experiments involving human subjects.

The Department of Defense has established the DOD Radiation Experiments Command Center (RECC), to collect, review, and categorize information regarding DOD involvement in human ionizing radiation experiments from 1944 to the present.

Please direct any future information and inquiries regarding this matter to:

DOD Radiation Experiments Command Center (RECC)  
6801 Telegraph Road  
Alexandria, VA 22310-3398

Our commercial telephone number for interdepartmental matters is (703) 602-1365, and our fax number is (703) 602-5971.

We are presently developing a standardized format to facilitate the transfer of abstracted project information from DOD organizations to an automated database in our office. In the event that your organization should identify any experiments in the future, please contact us and we will provide you with this format.

Thank you for your assistance in this important effort.

Sincerely,

A handwritten signature in black ink, appearing to read "Claud Bailey, Jr.", written over a printed name and title.

CLAUD BAILEY, JR.  
Colonel, AG, USA  
Deputy Director,  
Command Center
