Department of Defense  
Radiation Experiments Command Center  
6801 Telegraph Road  
Alexandria, Virginia 22310-3398

09 MAR 1994

Mr. Emmett Paige, Jr.  
Department Of Defense  
Assistant Secretary of Defense  
Command, Control, Communications and Intelligence  
Washington, DC 20301-3040

Dear Mr. Paige:

This is to acknowledge receipt of your memorandum dated 16 February 1994, identifying no radiation experiments involving human subjects.

The Department of Defense has established the DOD Radiation Experiments Command Center (RECC), to collect, review, and categorize information regarding DOD involvement in human ionizing radiation experiments from 1944 to the present.

Please direct any future information and inquiries regarding this matter to:

DOD Radiation Experiments Command Center (RECC)  
6801 Telegraph Road  
Alexandria, VA 22310-3398

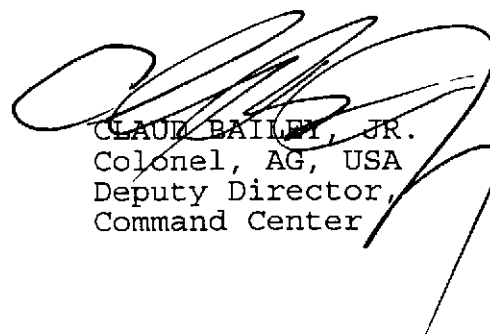

Our commercial telephone number for interdepartmental matters is (703) 602-1365, and our fax number is (703) 602-5971.

We have received memoranda from the National Security Agency, the Defense Intelligence Agency, and the Defense Mapping Agency, regarding this matter. In the future, we will correspond directly with these activities and the others noted in your memorandum for any subsequent information regarding human radiation experiments.

We are presently developing a standardized format to facilitate the transfer of abstracted project information from DOD organizations to an automated database in our office. In the event that your organization should identify any experiments in the future, please contact us and we will provide you with this format.

Thank you for your assistance in this important effort.

Sincerely,

CLAUD BAILEY, JR.  
Colonel, AG, USA  
Deputy Director,  
Command Center
