Dr. James G. Kereiakes
Radioisotope Lab.
General Hospital
Cincinnati, Ohio 45229

Dear Dr. Kereiakes:

Plans for the work conference on Dosimetry in total-body photon irradiation of man are almost complete. We are enclosing a revised schedule and a list of the participants.

We do not plan to publish the proceedings in toto, but rather to write a summary of the conference including the highlights of the discussion periods. This summary will be prepared by the co-chairmen. It would lighten our work considerably if each speaker could provide an abstract of his talk before or at the time of the conference. We would be most grateful for any help you can give us.

If you have not advised us of your arrival time and if you need room reservations, please do so as soon as possible. You should have received a letter from Dr. G. A. Andrews explaining the travel policy.

We will pick up participants at the Holiday Inn at 8:15 a.m. on Thursday, February 23, 1967.

Sincerely,

F. V. Comas
