

RECEIVED

FEB 15 -4 PM

EXEC. VICE PRES.

To Dr. Edward A. Gall

From Dr. Clifford G. Grulee, Jr.

Date February 9, 1972

I have checked with Gene Saenger and have been assured that there is neither informal or formal arrangement for his extension of his present funding through DOD after March 31, 1972. There has been, however, a contract proposal made for funding in 1972-73. I am sure you realize that such a contract proposal is reviewed by the Department of Defense and if approved is made the subject of a proposed contract which is sent back to the University for signature. Dr. Saenger assures me that he has heard nothing about the proposed contract for our consideration.

I can, therefore, assure you that there will be no announcements made by the DOD on the basis on any negotiations or contract proposals which have been made up at the present time.

G/s

cc - Dr. Saenger
