TO: Commanding General, Second US Army, Fort George G Meade, Md.
ATTN: AIAME-PM

In compliance with preceding indorsement, the following final action has been taken at this RMS to comply with recommendations contained in "Report of Radiological Hygiene Consultation" conducted on 6 Apr 1960:

a. Appropriate explanation of probable cause of overexposure has been attached to DD Form 1141 in accordance with AR 40-414.

b. The doorway between the X-Ray drying and interpreting room and the X-Ray room is locked at all times when X-Rays are being taken.

c. A sign has been affixed on the entrance door to the X-Ray room from the corridor to insure that all personnel are made aware of the fact that this door will lead to the X-Ray room and entrance thereto is denied.
