From CHLAM-M-KX

Confirming 0955 hours, 12 October 1960 telephone conversation between Mr. Jack Reeder and Messrs. Earl G. Wright and Darwin Tamas, this installation, following information is submitted in accordance with 10 CFR 20.403(b):

Teletype received by this installation on 12 October 1960 from Lexington Signal Depot indicated that film badge worn by SP 4 Guy Joseph Wickhall registered an exposure of 3.2 rem (3200 millirem) for week of 29 September 1960 through 5 October 1960.

Preliminary investigation indicates SP4 Wickhall received the overexposure on 5 October 1960 while working with a 330 curie cobalt 60 sealed source. The source is authorized by AEC License No.

19-1836-1. SP4 Wickhall has been removed from further exposure to
