Clinical Investigation Proposal #513: Tc-Phosphate Complexes in the Radioisotopic Diagnosis of Avascular Necrosis

Wiltford Hall USAF Medical Center/SG
Lackland AFB TX 78236

1. Subject clinical investigation proposal from your medical facility has been given our file number 513. Future correspondence regarding this study should refer to its file number.
2. The Surgeon General's Clinical Investigation Committee has approved the proposal with the stipulation that the quantity of 99m Tc-complexes (see protocol, paragraph V) be verified.
3. To assist in the proper accomplishment of this investigation you should assure compliance with (a) AFR 169-6 as it pertains to progress and final reports, and (b) AFR 169-8 as it pertains to human volunteers.
4. FY 74 supply and equipment funds in the amount of \$410.00 are authorized for this effort.

FOR THE CHIEF OF STAFF

SIGNED

GEORGE E. REYNOLDS, Brig General, USAF, MC
Director of Professional Services
Office of the Surgeon General

M/R: This letter transmits approval of subject proposal by the Surgeon General's Clinical Investigation Committee.
