

HUMAN RADIATION EXPERIMENTS IDENTIFICATION

1. NAME. Validation Testing of Decompression Procedures for Flying After Diving at Altitudes Above Sea Level
2. WHERE/WHEN. School of Aerospace Medicine, 1977-?; No. 7930-11-43
3. RESEARCHER(s). Bruce Bassett, Jim Adams, Robert Olson
4. AGENCY. School of Aerospace Medicine, Brooks AFB, TX AIR1.941130.042b
U.S. Army
U.S. Navy
5. SUBJECTS. 60 subjects desired, military divers
6. SUMMARY. Baseline X-Rays of long bones. Study purpose to validate decompression procedures after flying, consents were used, a blank consent is in the protocol.

Study Type: Operational/Unconfirmed; Code c - Other Research
7. RECORDS LOCATION. Armstrong Laboratory, Brooks AFB, TX; Human Use Committee protocol.
8. RECORDS DESCRIPTION. Only record of protocol available, no subject names or consents found.
9. CLASSIFICATION. Not classified.
