Dear Col Culver

1. Enclosed find proposal from Ernest L. Mazzaferri, Lt Col, entitled "A Retrospective Clinical and Pathologic Analysis of Over Five Hundred Patients with Thyroid Carcinoma" for consideration by the Surgeon General's Council for approval under AFR 169-6.

2. The proposal has been approved by the Medical Center Research Committee and is recommended highly for favorable action.

3. This proposal is considered a potentially important contribution to the clinical research program.

4. This proposal will be supported out of Clinical Research Operating Monies.

Respectfully

JOHN J. McMAUL, Jr., Col, USAF, MC
