14 December 1971

SUBJECT: Department of Medicine Research Committee Meeting

TO: SGHM

1. The Department of Medicine Research Committee held a meeting on 14 December 1971. The following members were present:

- a. Colonel Charles G. Spivey Jr.
- b. Lt Colonel Fred Jones
- c. Major Ernest Mazzaferri
- d. Major Lionel E. Harkleroad

Also present were Major Charles Ellenbogen and Major Richard Graybill, Infectious Disease Service.

2. Research Proposals:

a. Research proposal entitled, "Measurement of Thyroid Hormone and Thyroid Stimulating Hormone in Pregnancy and Early Life," was presented by Dr. Mazzaferri, Staff Endocrinologist. The Committee recommends approval with an addendum to the protocol that AFR 169-B (Informed Consent) will be complied with.

b. Proposal entitled, "Evaluation and Prevention of Fungal Disease in Myelo-suppressed Patients," was presented by Dr. Charles Ellenbogen, Chief, Infectious Disease Service. The Committee recommended approval as submitted.

c. Proposal entitled, "The use of 5-Fluorocytosine in Mycotic Infections" was presented by Dr. Ellenbogen. The Committee recommends approval as submitted.

d. Research proposal entitled, "The Effect of Minocycline and Tetracycline on the Course of non-bacterial pneumonia in Air Force recruits," was presented by Dr. Ellenbogen. The Committee recommended approval as submitted.
