Research Project F-40 (74): "Comparison of Continuous Catheter Spinal Anesthesia with Single Dose Spinal Anesthesia for Transurethral Resection of the Prostate"

Louis A Mitchell, Capt, USAF, MC
SGHSA (21)

Dear Dr Mitchell

You have indicated in your report on research project F-40 that this has been completed and results presented.

In order to complete your obligations under AFR 169-6 you must file a comprehensive final report. We are holding our semi-annual report to the Surgeon General's Office awaiting your summary, which I would like by 7 August. If you cannot comply, please call me at Ext 7141.
