

I-39

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS UNITED STATES AIR FORCE
WASHINGTON, D.C. 20314

20 MAR 1972

REPLY TO
ATTN OF: SGP/AR

SUBJECT: Clinical Investigation Proposal No. 380: The Development of a
Radioimmunoassay (in vitro test) for Serum Tri-iodothyronine

TO: Commander
Wilford Hall USAF Medical Center
Lackland AFB TX 78236

1. The clinical investigation proposal dated 18 February 1972 from your medical center has been given the title and file number indicated in the subject. Future correspondence regarding this study should refer to its file number.
2. The Surgeon General's Clinical Investigation Committee has approved the proposal.
3. To assist in the proper accomplishment of this investigation you should assure compliance with (a) AFR 169-2 as it pertains to the use of laboratory animals, (b) AFR 169-6 as it pertains to progress and final reports, and (c) AFR 169-7 as it pertains to publications.
4. No resources were requested and none are authorized.
