MEMORANDUM THRU Chief, *MS* Thermal Physiology & Medicine Division

FOR CPT Beau J. Freund

SUBJECT: Report of the Human Subjects Research Review Board

1. Your protocol entitled, "Hyperhydration with a Glycerol Solution: Effects on Fluid and Electrolyte Balance During Rest and Cold/Exercise Exposure," HURC #450, was administratively approved by the HQ USAMRDC Human Subjects Research Review Board, provided additional information is submitted and changes are made as noted in enclosure.
2. Upon receipt of your revised protocol, I will forward it to the Human Use Office at our Headquarters for their final approval.

Encl

A handwritten signature in cursive script that reads "Gerald P. Krueger".
