

9 May 1990

SGRD-UE-PH (40)

MEMORANDUM FOR: Dr. Sawka, Mil. Erg. Div.

FROM: Quality Assurance Coordinator

1. Please be reminded that as of 1 March 1988 there is a requirement for you to complete and submit a Volunteer Registry Data Sheet (USA MRDC Form 60-R) for each test subject in your research study, HURC # 400, entitled, Interaction of hydration & metab. intensity - - -.

See attached sample. Forms can be obtained from your Division Director or the QA Coordinator.

2. It is suggested that Part B be filled out by the test subject at the time they sign the volunteer consent form. Part C should be completed by the investigator at the completion of the data collection and forwarded to the QA Coordinator.

3. This information is required as part of USA MRDC's Quality Assurance Program as promulgated in USARIEM MEMO 40-1. The information will be entered into the Command's Volunteer Registry data base for the purpose of tracing subjects, if necessary, in the future.

JAMES A. VOGEL, Ph.D.
QA Coordinator

VOLUNTEER REGISTRY DATA SHEET

THIS FORM IS AFFECTED BY THE PRIVACY ACT OF 1974

- 1. AUTHORITY:** 5 USC 301; 10 USC 1071-1090; 44 USC 3101; BO 9397
- 2. Principal and Routine Purpose:** To document participation in research conducted or sponsored by the U.S. Army Medical Research and Development Command. Personal information will be used for identification and location of participants.
- 3. Mandatory or Voluntary Disclosure:** The furnishing of the SSN is mandatory and necessary to provide identification and to contact you if future information indicates that your health may be adversely affected. Failure to provide the information may preclude your participation in the research study.
