Rochester, New York

Dear Dr. Blair:

This is just to confirm our telephone conversation last week regarding the meeting of the Advisory Committee for Biology and Medicine at Rochester on May 10 and 11.

According to present plans all of the Committee members, with the exception of Dr. Bugher, will arrive on Thursday evening and will meet for informal discussion in the Bamboo Room of the Sheraton Hotel. Due to prior commitments, Dr. Bugher will be unable to attend Friday's session, but plans to arrive on Saturday morning for that part of the meeting. I do not yet know who of the DEM staff will attend, but should be able to advise you sometime next week.

It would be very helpful if you could arrange to have brief abstracts of the presentations prepared in advance of the meeting for the use of the Committee members. These will also aid Mr. Blatz in the preparation of the minutes. I have had several inquiries from the staff and ACEM members as to the content of the program and would therefore appreciate your sending a copy of the proposed agenda to me as soon as possible.

If I can be of any assistance to you in the arrangements for this meeting please do not hesitate to let me know.

I will contact you by phone next week.

Sincerely yours,

Rosemary Elmo  
Secretary to Advisory Committee for  
Biology and Medicine

Dear Harry:

I want you to know how much we appreciated the presentation made to the Advisory Committee for Biology and Medicine by your group. It certainly gave us a very good overall view of the various aspects of your program. As is usual in these situations, there wasn't enough time to present all that you would like to have. Also, there wasn't enough time to ask all of the questions which we would like to have asked. However, I think the overall effect was a most satisfactory one.

I particularly appreciated the chance of visiting with the various members of the staff, thus having the opportunity of renewing friendships. In this connection, the very lovely dinner in the Green Room was a signal success.

On behalf of the staff and the ACPM, I want to thank you for your hospitality.

Most sincerely yours,

C. W. Shilling, M.D.
