Lt. Col. H. L. Friedell  
U. S. Engineer Office  
Manhattan District  
P.O. Box E  
Oak Ridge, Tennessee

Dear Colonel Friedell:

In the rush of getting our letter of Dec. 5th (Green No. 5073) off to you in time for the Chicago meeting of Dec. 11th, a number of errors in the section on oral administration of polonium to a human patient slipped by unnoticed. Correction's are as follows:

- page 3, paragraph 2, line 8;  $10^{-7}$  should read  $7 \times 10^{-6}$  dose/cc. at 230 days.
- " " " " 10; injection should read ingestion.
- " " " " 11;  $10^{-6}$  should read  $2 \times 10^{-4}$  at 230 days.
- " " " " 15;  $10^{-3}$  per day should read 0.26% dose per day, or  $10^{-3}$  dose per gram.
- " " " " 16;  $10^{-5}$  should read  $3 \times 10^{-3}$  dose per day, or  $10^{-5}$  dose per gram.

I am very sorry that these mistakes were not picked up sooner, and hope that they haven't caused trouble.

Sincerely yours,

Robert M. Fink
