ATOMIC ENERGY PROJECT  
(ADMINISTERED BY THE DEPARTMENT OF  
RADIATION BIOLOGY UNDER CONTRACT WITH  
THE U. S. ATOMIC ENERGY COMMISSION)

September 22, 1960

Miss Rosemary Elmo  
Staff Asst. to Director  
Division of Biology and Medicine  
U. S. Atomic Energy Commission  
Washington 25, D. C.

Dear Rosemary:

We are making plans for the Advisory Board on November 11 and 12.

We propose to have the Friday meeting at the Towne House Motel up the street from the Medical School owing to our shortage of meeting rooms. Probably this will break up about 3:00 p.m. for a tour of the Project followed by a dinner at the Towne House about 6:30.

The Saturday morning meeting will probably be in the Project Library.

It would be most convenient if the visitors would stay at the Towne House. The rates are about the same as hotels and the service is probably better. Check out time is normally 2:00 p.m. but they could arrange to keep the room until 6:00 p.m. on Saturday which would probably permit everyone to leave his baggage until ready to leave.

We shall be glad to make the individual reservations if you wish. A block of 15 has been made already. They are a little sticky about cancellations and would want them before 4:00 p.m. However, they will hold rooms for late arrival.

We hope to get the whole program printed in time to send out prior to the meeting. In any case we will get a schedule to you in advance.

Brochures on the Towne House are enclosed.

While at Argonne next month I shall be glad to instruct you on how to stay sober in Rochester.

Yours sincerely,

*Henry A. Blair*
