Attention: Mr. C. E. Center, Vice President

Subject: MEETING AT ORNL OF THE AEC ADVISORY COMMITTEE FOR BIOLOGY  
AND MEDICINE - POSTPONEMENT TO MAY 12-13, 1961.

Gentlemen:

Reference is made to our letter of December 30, 1960, and yours of  
February 7, 1961, forwarding an agenda for the subject meeting.

We are informed by Headquarters that it has been decided to hold  
the March 1961 ACBM meeting in Washington, and the Committee will  
plan on meeting at ORNL on Friday, May 12, 1961, instead. If  
suitable to your plans, we will proceed according to your suggestions  
in the agenda prepared for the March meeting, but move all arrange-  
ments to May 12-13.

We understand the Committee is interested in receiving a book of  
abstracts. If you wish to do so, we feel it appropriate to provide  
the booklets for Biology and Health Physics that were available for  
the fall 1960 information meetings, with revised covers. These  
abstracts rather fully covered the projects of both divisions.

Your cooperation is appreciated. Should we obtain any further  
details regarding the May 12-13, 1961, revised meeting date we will  
communicate with you immediately.

Very truly yours,

1001

S. R. Sapirie  
Manager  
Oak Ridge Operations
