Mr. J. Lorne Gray, President
AECL
Station 1

Dear Lorne:

As you know the U.S.A.E.C.'s Advisory Committee on Biology and Medicine held its fall meeting this year at Chalk River. Dr. Dunham, the Director of our Division of Biology and Medicine, has specifically asked me to be sure that you know how much he and the Committee appreciated the efforts to which the staff here went to make the meeting a success. In his letter to me he commented that the scientific presentations and other arrangements were exceptionally well planned and interesting.

Thank you,

Miller N. Hudson, Jr.
Scientific Representative
