*Advisory
Beadle*

Dear Dr. Beadle:

Due to the absence of the Commissioners
from the city, your letter of August 14 has been
referred to me. I wish to express the appreciation
of the Commission for your acceptance to act as
a member of the Advisory Committee for Biology
and Medicine. As you know, the Committee will be
looked upon to advise the Commission on general
policy in the field of medical and biological
research and health.

We hope the first meeting of the Advisory
Committee will take place in the very near future,
and we will get in touch with you soon in regard
to plans and arrangements for this meeting.

Sincerely yours,

Carroll L. Wilson
General Manager

Beadle, George W.
