UNIVERSITY OF WASHINGTON
OFFICE OF THE PRESIDENT
SEATTLE 5

September 27, 1950

711804

Dear Dr. Warren:

I am informed by Dr. Lauren Donaldson of our staff that your Advisory Committee to the Division of Biology and Medicine is planning a meeting in this State in January. We are very happy indeed that you and your distinguished panel of scientists will be in our area, and I am hopeful that you will find it possible to visit the University of Washington campus while you are in the area.

We would be pleased and honored to have you hold your meeting on the University of Washington campus if this would fit into the plans you have already made. If, for any reason, this is not possible, we would in any case wish to extend a cordial invitation for any or all members of the group to visit this campus and observe the work now in progress under contract with the Atomic Energy Commission.

I sincerely hope that you can accept our invitation and that we may look forward to seeing you on your visit to the West the first of the year.

Sincerely,

Raymond B. Allen

Dr. Shields Warren, Director
Division of Biology and Medicine
United States Atomic Energy Commission
Washington 25, D. C.
